

COMPANY PROFILE · 2026

Pivot Shipping.

Precision in motion.

Global in reach.

Riyadh, Kingdom of Saudi Arabia · pivotscl.com

WHO WE ARE

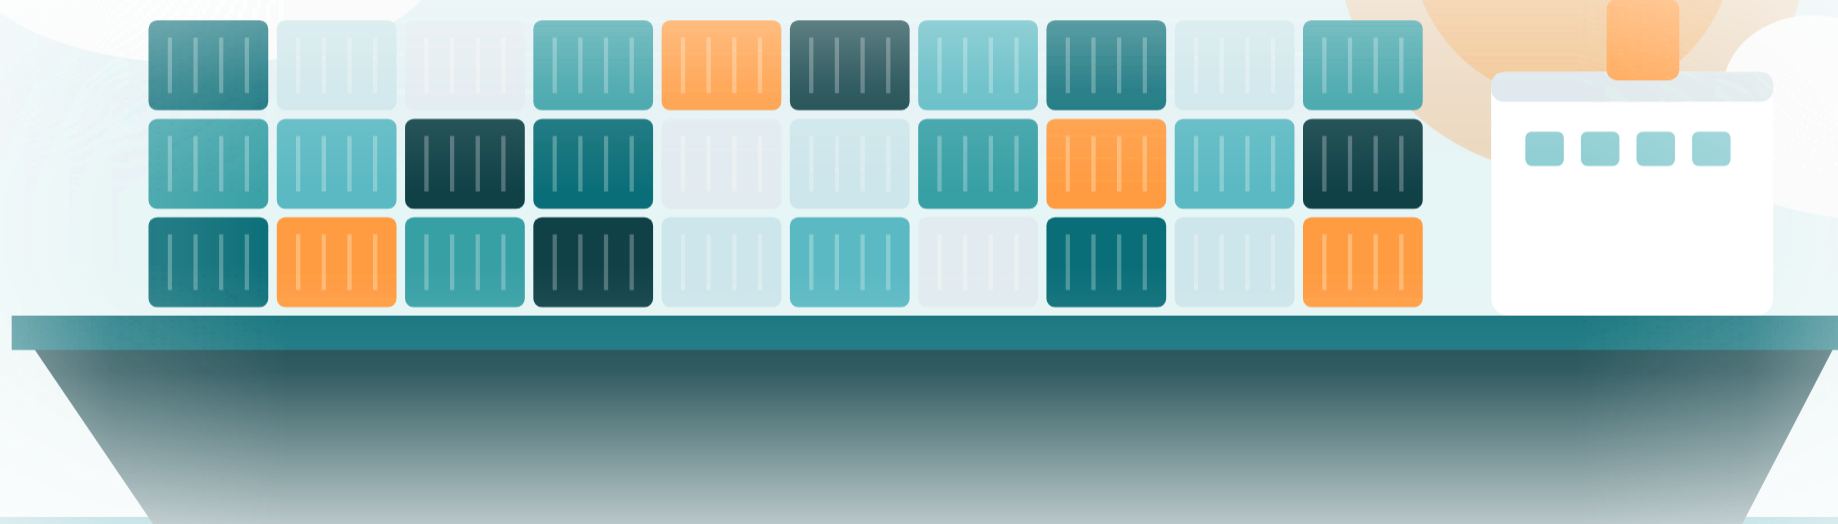

We don't just transport cargo. We deliver confidence.

Pivot Shipping Company is an international freight forwarder and logistics provider based in Riyadh, managing sea, air and land freight, customs clearance and warehousing under one roof.

Every shipment is handled to the highest standards of safety, speed and professionalism.

As a ZATCA-registered customs broker handling SABER and SFDA matters in-house, we keep cargo moving from documentation to last-mile delivery.

With trusted global carriers and partners, we build tailored solutions on long-term relationships.

PURPOSE

Why we exist

OUR MISSION

To simplify the movement of goods.

Reliable, efficient, customer-focused shipping. Working with trusted global carriers and logistics partners, we deliver speed, safety and value without compromise, with responsible, sustainable practices that support the growth of global trade.

OUR VISION

Trusted, innovative and customer-focused.

To become one of the most trusted, innovative and customer-focused shipping companies in Saudi Arabia and the Middle East, connecting businesses to regional and global markets through technology and strong partnerships, and supporting the Kingdom's rise as a leading global logistics hub.

Freight, end to end.

Sea Freight (FCL & LCL)

Ocean freight through GCC and international ports, port-to-port or door-to-door, with reefer and special equipment.

Air Freight

Express and consolidated airfreight, priority and time-definite service, with handling for perishable and high-value cargo.

Land Freight

FTL and LTL trucking across Saudi Arabia and the GCC, cross-border movements and last-mile distribution.

Customs Clearance

Import and export clearance, HS classification and duty advice, and Saudi customs and port coordination.

Warehouse Solutions

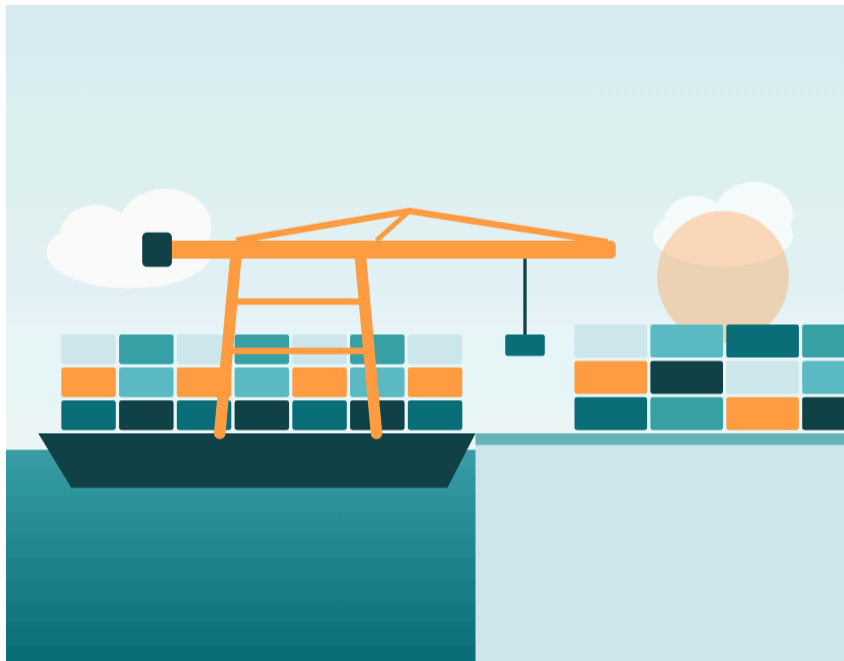

Short- and long-term storage, inventory management, pick, pack and distribution, bonded and general.

Packing, Crating & Removals

Export-grade packing, fragile and heavy-lift handling, corporate and personal removals.

Sea, land and air.

Sea Freight

FCL and LCL ocean freight through a trusted carrier network: import and export handling, customs clearance, consolidation, documentation, cargo insurance and end-to-end coordination.

Land Freight

Domestic and cross-border road transport across Saudi Arabia and the GCC: FTL, LTL, temperature-sensitive, HAZMAT, oversized and project cargo, with optimised routing and real-time coordination.

Air Freight

Fast, secure air cargo for time-sensitive and high-value goods: import and export, express, consolidation, customs clearance, documentation and door-to-door delivery.

When cargo is not standard.

Transshipment & Transit Cargo

Re-routing through uncongested GCC gateways when ports are congested: sea-sea and sea-road transshipment, customs transit and bond management, bill of lading switching.

Oversized & Project Cargo

Out-of-gauge and heavy-lift moves by flat rack, breakbulk, RoRo, air charter or heavy haulage, with route surveys, permits, escorts and lifting plans.

Hazardous & Sensitive Goods

HAZMAT and temperature-sensitive cargo, handled with special equipment and optimised routing.

WAREHOUSING & DISTRIBUTION

Secure storage. Seamless distribution.

Warehousing through a trusted partner network across the Kingdom, with our primary warehouse in Sulay, Riyadh as a central hub for inventory, fulfilment and nationwide distribution, integrated with our freight and customs services.

Bonded & general storage

Cold storage

Cross-docking

Last-mile

Beyond freight. A complete system.

One trusted point of contact, from origin documentation to final-mile delivery. We also manage the regulatory requirements that keep cargo moving: SFDA registration, SABER certification, ZATCA and Fasah registration, HS code classification, product conformity, origin documentation and fumigation certificates.
